

# PAY*a*BILL

## RETHINKING YOUR BILLING PROCESS.

Sending paper bills can lead to high operational costs, labor-intensive disputes, and antiquated back-office billing processes. Modernizing this process often requires custom development work and a substantial investment in technology. Not anymore. PayABill is ARC's web-based solution to eliminate paper invoices and many of the associated manual processes, reducing costs and making payment more efficient.

PayABill is transforming the hospitality industry by seamlessly connecting hotels with traditional travel wholesalers, tour operators and other partners...with just the click of a mouse.

#### Invoicing

##### **No more paper, no more hassles.**

PayABill simplifies the entire invoicing process by gathering all the folio details from the hotel for presentation on ARC's secure website.

#### Reconciliation

##### **The art of balancing; not a balancing act.**

PayABill facilitates reconciliation for each partner through ARC's standard billing format, which can be downloaded or uploaded for "auto matching" to each partner's proprietary system.

#### Resolution

##### **Review questionable invoices and resolve disputes online.**

PayABill gives you the freedom of having one centralized place to go to resolve billing disputes. No more staff time wasted hassling with phone calls, faxes and sticky notes. Complete transaction details at your fingertips. Dispute charges and adjust billing amounts online. Include key supporting documents, all with a full audit trail.

#### Remittance

##### **Pay by electronic transmission.**

PayABill replaces the manual effort of how payments are applied to partner accounts with one simple automated solution. Payments via Automated Clearing House (ACH) are made quickly, securely and efficiently.

#### Reporting

##### **Take a deep dive into sales trends.**

PayABill's centralized information supports accounting and sales in managing partner relations. You have an intuitive view into trends and history, shedding light on both problems and opportunities.

As the financial backbone of the travel industry, ARC enables commerce among travel agencies, airlines, and travel suppliers, and offers them secure and accurate financial settlement services. More than 16,000 travel agencies and 190 airlines use the company's transaction settlement services which, in 2010, totaled more than \$77 billion in value. ARC also supplies transactional data to organizations, facilitating better business decisions through fact-based market analyses. Established in 1984, ARC is headquartered in Arlington, Virginia.
